Water Damage Phone Repair Disclaimer

There is **NO WARRANTY** on liquid damage repairs due to the nature of the repair.

The price quoted will depend on whether there is physical damage to the phone, as with some cases of liquid damage, parts need to be replaced like LCD, speaker, microphone and etc.

There is an inspection fee of \$50 EACH (touchscreen, PDA or iPhone inspection fee is \$50 EACH) if we cannot repair a liquid damaged phone due to the fact that our engineers spend a fair bit of time trying to repair each liquid damaged phone that comes into our service centre. We will only charge you the initial quote price if the phone is fully working when it leaves the service centre but there is no warranty on liquid damaged phones also if your phone is repairable the inspection fee will be include in the service charge.

Some liquid damaged phones appear to be working; this is due to corrosion within the Micro Chips (ICs) shorting together allowing an electrical current to run. This allows the phone to switch on, however it can sometimes be a short circuit, and when the engineer clean and flushes the phone it removes the short circuit, and may result in the phone no longer powering up.

It is one of the most common problems that can occur when repairing water damaged phones. Sometimes just attempting to repair the phone **CAN BE TERMINATED**, this is due to internal corrosion and not a procedural fault. Mobile phone manufacturers WILL NOT touch a liquid damaged phone because of the failure rates in repair.

Abby Technology, its management, employees and its agents will **NOT BE HELD LIABLE** should your water damage phone fails during repair. We cannot be held responsible for what happens when we take apart a water damaged phones.

You hereby agree to discharge Abby Technology, its management, employees and its agents for any hardware or software failures undertaken on any mobile during a non warranty repair, as we cannot know what has happened to a phone before it comes into our service center, e.g. physical damage, unknown liquid damage, or unknown software issues and etc.

By signing the Service Request Form for our liquid damage phone service, the Customer had agreed to the disclaimers stated above; will therefore automatically indemnify Abby Technology, its management, employees and its agents against any liabilities, monetary claims at this material time.
